

# Cosmic

## Dyme Def

I wanted to write a song called ?Cosmic?  
I wanted to get a view of the earth  
I wanted to be your lonesome cowboy  
I wanted to love you ?til it hurt  
I wanted the right to misbehave  
To satiate my crave  
I put these things aside for years  
?Til laughter took the place of tears  
It?s like I was asleep  
You know I?m here, I?m here  
I wanted to take your place just sometimes  
To know the things you know and why you did the things you do  
To say no one time and believe it  
Oh, I wanted so much but only needed you  
Wasn?t it just my choice to make  
The bed in which I lay?  
I put these things aside for years  
?Til laughter took the place of tears  
It?s like I was asleep  
Yet now I?m here, I?m here  
I wanted to be able to talk without the interruption  
I wanted to sing exotic words  
I wanted to find a way to put an end to part of my destruction  
I wanted to know what I was worth  
And wasn?t it just my choice to make  
The bed in which I lay?  
I put these things aside for years  
?Til laughter took the place of tears  
It?s like I was asleep  
Yet now I?m here  
(And it?s cosmic)  
I?m here, I?m here  
(And it?s cosmic)
