

Armada Latina (ft. Pitbull & Marc Anthony)

Cypress Hill

[Chorus]

Ay Caribe tierra de mi gente hermosa

(Armada Latina)

Cielo Sol, me acompanan donde quiera

Hermanito la lucha recien empieza

(Es mala por la gana)

Yo naci con sangre taina, yo naciCame out the gutter man

Southern land

Didn't have an upper hand

Never had another plan

I'm different to the mother land

Some will get a summer tan

It's hotter than a summer jam

Live for today

Cause you'll never gettin' another chance

I ain't trippin' off the he say and she say

Cause we say fuck

And pass me a cuba libre

That's what we want

Don't front

I could see ya but

You don't want to see the cold heap up front

How we blow it up

We came to blow it up, hit the spot

So we're done

Representin' in, blowin' up

That's how we show the love

That's how we pass up all this shit that

We know gon' come

It's like the soldier's run is done when the wars won[Chorus]Latino hasta la muerte

Chicos they working hard

Bout the noise,

Suerte Gracias a Dios, Thank God

Little Cuban from Miami coulda took that coke

Marinero pasero con clinicas

Santeros con muera

Que dicen que pueden cura la abuela

Y'all like scarface,

I'm more like sosa

Cypress hill pretty flaco
It's our culture
From cali to the crib, crib
Me in miami
Thank god I'm doin music
If not I'd be tying families
I'm not a asshole(oh no)
About my cash flow
Let me take this shit
And send this letter off to Castro
Ha, ha, ha Dale, come mierda.[Chorus]We way to hot
Always comin up with something clever
A costa lostra
Cypress hill maca fera
Feelin' fancy in the hip throne, guayabera
And we just clowning
On what we call some, money-lera
Call me Sammy
Wild child from the isles
I can go forever like an old fashioned country mouse
Stilo be guajiro
Latino is the lingo
I'm straight cuban-ichi
I bang Pina del Rio
Lockin' up this function
Just like Benny More
Go ahead and play the congas
And I'm gonna rap over it
Ya I'm a fool I'm outta here
Yes sir I gotta go
Get me some Chiva's Regal
And slap me some dominos[Chorus]
