

# As Fast As You Can

## Our Lady Peace

I know a girl, gotta long snake moan,  
A fever in a head and a restless soul,  
I gotta feeling that the church don't know,  
What the church don't know, the church don't mind.  
We all work on borrowed time.  
Girl, you run as fast as you can,  
Don't give up, we'll always be friends.  
Run as fast as you can, run as fast as you can.  
I know girl, gotta long snake moan,  
Got the voodoo in her hips, and god-shaped hole.  
I got a feeling the kids don't know.  
What the kids don't know, the kids don't mind.  
We all work on borrowed time.  
Girl, you run as fast as you can  
Don't give up, we'll always be friends  
Run as fast as you can, run as fast as you can.  
Every dog will have its day,  
Every dog will have its day.  
Girl, you run as fast as you can  
Don't give up, we'll always be friends, yeah.  
Run as fast as you,  
Run as fast as you,  
Run as fast as you,  
Run as fast as you can.
