

Black Is The Colour Of My True Love's Heart

Neverending White Lights

Bless your heart
And your tired eyes
And try to keep your strength
Your life bleeds like the red I wore
On my lips as skin turned pale Take this breath
For the lives we waste
For the hollow souls we own
Give me hope
For a restless heart
Where we'll go no one will follow, close I swear to god I only fall apart
I swear to god I only fall apart You've waited all your life
To take this from my blood Indebted to you, indebted to me
Indebted to god until we bleed This life will last
