Peach Pit

Smog

Went down to georgia
When a wild dog got bit
Went looking for a girl
With a peach pit
With strands all hanging down
Between her teeth
And that was the juiciest peach
I ever saw
Went down to georgia
When the wild dog got bit
Went looking for a girl (for a girl)
With a peach pit
With strands all hanging down
Between her teeth
And that was the juiciest peach
I ever saw
