

What This World Needs

Casting Crowns

What this world needs
Is not another one-hit wonder with an axe to grind
Another two-bit politician peddling lies
Another three-ring circus society
What this world needs
Is not another sign-waving 'Super Saint' who's better than you
Another ear-pleasing candy man afraid of the truth
Another prophet in an Armani suite
What this world needs
Is a savior who will rescue
A spirit who will lead
A father who will love them
In their time of need
A savior who will rescue
A spirit who will lead
A father who will love
That's what this world needs
What this world needs
Is for us to care more about the inside than the outside
Have we become so blind that we can't see
God's gotta change your heart before he changes a shirt
What this world needs
Is for us to stop hiding behind our relevance
Blending in so well that people can't see the difference
And it's the difference that sets the world free
What this world needs
Is a savior who will rescue
A spirit who will lead
A father who will love them
In their time of need
A savior who will rescue

A spirit who will lead
A father who will love
That's what this world needs
People aren't confused by the gospel
They're confused by us
Jesus is the only way to God
But we are not the only way to Jesus

This world doesn't need my tie, my hoodie
My denomination or my translation of the Bible
They just need Jesus
We can be passionate about what we believe
But we can't strap ourselves to the gospel
'Cause we're slowing it down
Jesus is going to save the world
But maybe the best thing we can do
Is just get out of the way
What this world needs
Is a savior who will rescue
A spirit who will lead
A father who will love them
In their time of need
A savior who will rescue
A spirit who will lead
A father who will love
That's what this world needs
Jesus is our Savior
That's what this world needs
The fathers arms around you
That's what this world needs
That's what this world needs
