

# Patrick Purdy Killed Five and Wounded Thirty

## Macabre

My name is Patrick Purdy  
And I have a duty  
To kill as many children  
As I can  
So it's off to school  
Where I used to go  
With my AK-47  
In my hands Patrick Purdy  
Thought he was doing his duty  
Thought he was in the army  
And the children was his enemy  
Patrick Purdy  
Killed five and wounded thirty  
His tactics were quite dirty  
The children's blood was squirting
