I Found a Woman

Glenn Hughes

So very hard, hard
Sail on, you've got to believe
In what you believe in
Oh it's all waitin' for you babeI wonder where I go?
I know only my heart must show
Hands in the dark reachin' out
Tryin' to find you, you know what I'm about
Don't refuse me, hear me out, there's no doubtI found a woman
I found a woman
I found a woman
I don't want nothin', only your lovin'
I found a woman, to play me outHands in the dark, reachin' out
Tryin' to find you, you know what I'm about
Don't refuse me hear me out, don't confuse me
There's no doubt
