Cry Like A Baby

The Box Tops

When I think about the good love
You gave me I cry like a baby
Livin' without you is drivin' me crazy
I cry like a babyWell I know now that
You're not a plaything
Not a toy or a puppet on a stringAs I look back on a love so sweet
I cry like a baby
Every road is a lonely street
I cry like a babyWell I know now that
You're not a plaything
Not a toy or a puppet on a stringToday we passed on the street
And you just walked on by
My heart just fell to my feet
And once again I began to cryWhen I think about the good love
You gave me I cry like a baby
Livin' without you is drivin' me crazy
I cry like a babyWell I know now that
You're not a plaything
I cry like a babyAs I look back on a love so sweet
I cry like a baby
Every road is a lonely street
I cry like a babyMy heart just fell to my feet
You know I cry like a baby
You left the water running, now
I cry like a baby
