Love Is What We Need
Lyrics and music by Moran Levi

Love is what we need
Here we all agreed
Need to plant the seed
Of our love of our love of our love

Will you be
The braver?
To agree
To this plan

Youâ€™ll play good
Youâ€™ll surrender
All the ego that you carry and then

You'll keep on moving on without your pride
You'll leave it back behind you on the side
You'll shut your mouth to be able to hear
What they try to tell you all these years

Love is what we need
Here we all agreed
Need to plant the seed
Of our love of our love of our love

Will you be
The smarter
To accept
This and then

Youâ€™ll be bright
Youâ€™ll be better
Cause your ego will be history and â€“

You'll keep on moving on without your pride

You'll leave it back behind you on the side
You'll shot your mouth for being able to hear
What they try to tell you all these years

Love is what we need
Here we all agreed
Need to plant the seed
Of our love of our love of our love
