Length Of Love

Interpol

This could be destiny
Oh Sweetheart
I've had no sense of time
Since we started
I've got friends in need
Oh Sweetheart
I'd go lengths and lengths
And lengths of love
Since we started this thing now
Complex salacious removal
Complex salacious removal
There is a better breed
Oh Sweetheart

They will be
Watching you sometimes
With their bitter hearts
When we are through with these
Oh we're shifting the heartache
We want strong summer love
That must roam washed up blood
Just to stay away
Complex salacious removal
Complex salacious removal
Complex salacious removal
