

# Don't Stop

## Come And Go

Heading down to the center of town on Hollywood Boulevard  
I'm truckin' fast cause lights move in fast and then I'm gonna be a star  
And oh the smell of gold, chances to be bold  
Another night to save my soul

The bar's open and a cigarette's smoking  
And the band's warming up the room  
You kinda shine girl, you catch my eye, girl  
With the smell of your sweet perfume  
And oh the smell of gold, chances to be bold  
Another night to save my soul

Well, don't stop, baby  
Don't say maybe  
You can see me one more time  
Don't pretend will you let me in, we can  
Dance to the music, dance to the music  
Dance the night away now, one more round

The same old story of passion and glory  
Fall in love almost every night  
I count to ten, get closer with you  
Just can't seem to get anything right  
And oh the smell of gold, chances to be bold  
Another night to save my soul

Well, don't stop, baby  
Don't say maybe  
You can see me one more time  
Don't pretend will you let me in, we can  
Dance, dance, dance, dance

Well, don't stop, baby  
Don't say maybe  
You can see me one more time  
Don't pretend we, let me in, we  
Dance to the music, dance to the music  
Dance the night away now, one more round

Now, one more round

One more round x2
