

# Mentally (ft. Lyrica Anderson)

## Timbaland

We don't even conversate, we don't even act no more  
We used to go out all day, but  
our kids are the number one  
chore

Where did the loving go, we  
really need to this far, yeah, eh  
I swear this feels like a game  
and I got the score And she say

Mentally I'm gone, we believe there's no tomorrow, tomorrow  
Mentally I'm gone, we believe there's no tomorrow, tomorrow  
Mentally I'm gone, we believe there's no tomorrow, tomorrow  
I reflected back home myself,

I think I'm abusing this all I think I really need some help  
can you get counseling for  
Baby I get it, I did, the  
problems come talk Now that there's a problem, I hold my head up so  
And she say

Mentally I'm gone, we believe there's no tomorrow, tomorrow .com Mentally I'm gone, we believe there's no  
tomorrow, tomorrow

Mentally I'm gone, we believe there's no tomorrow, tomorrow  
I hope everyday bears out  
fine

I hope the sunshine's up at bay  
I hope everyday bears out  
fine

I hope the sunshine's up at bay  
I hope everyday bears out  
fine

I hope the sunshine's up at bay  
I hope everyday bears out  
fine

Still keep saying

Mentally I'm gone, we believe there's no tomorrow, tomorrow  
Mentally I'm gone, we believe there's no tomorrow, tomorrow  
I'm gone, we believe there's no tomorrow, tomorrow  
Mentally I'm gone, we believe there's no tomorrow, tomorrow.
