You're the One (Invisible Children Session)

Charli XCX

Don't stand in the darkness
Thinking light luck
Keep the soul looseCristals on the skyline
Cut the midnight
Alterable liftYou're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the Wage
You're the one that gave me light in another gage
Now I'm dancing in the tideFly me through the black night
You're the angel in the new light
Running through the thunder
I need to cover, so for low, lowYou're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the page
You're the one that gave me light in another gage
Now I'm dancing in the tideYou're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the Wage
You're the one that gave me light in another gage
Now I'm dancing in the tideYou're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the page
You're the one that gave me light in another gage
Now I'm dancing in the tideYeah I'm dancing in the darkness
Three years before I was feeling so heartless
But your bright shined through
Now I'm drinking love Wotion
On my late nights tooIt's a criminal feeling
Happiness cries and the tears are dreaming
My body is screaming
I'm staying right here

No I'll never be leaving
