

Outside

David Bowie

And now
Not tomorrow
Yesterday
Not tomorrow
It happens today
The damage today
They fall on today
They beat on the outside
And I'll stand by you
Now not tomorrow
It's happening now
Not tomorrow
It's happening now
The crazed in the hot zone
The mental and divas hands
The feasting of life
To the music outside
To the music outside

It happens outside
The music is outside
It's happening outside
The music is outside
It's happening
Now, not tomorrow
Yesterday
Not tomorrow
The music is outside
It's happening outside
The music is outside
The music is outside
Outside
Outside
Outside

...
