

# Get Ready

## The B Foundation

I know the storm is coming  
There are clouds up ahead  
You can't keep running  
You better face the clouds instead  
When the storm winds blow  
Don't you cover and hide  
You've got to let go of the demons  
You're keeping inside  
There's no shelter from your pain  
So get ready for the rain  
Get ready for the rain  
Now you can't change the weather  
Though you've tried to for years  
But the rain is coming  
And there's no way to hold back the tears  
Too late to say you're sorry  
You'll have to take the blame  
But the water is rising  
And it won't wash your problems away  
There's no shelter from your pain  
So get ready for the rain  
Get ready for the rain  
So get ready for the rain  
Get ready for the rain
