

As If

Blaque

Yo, yo
Let me explain this to you
See I'm not gonna let you run me
How we're gonna do it is
I'm gonna run you You, you've got a lot of nerve
I guess you haven't heard
I'm doin' fine out here on my own You, you think that you can come
Around here for some fun
But boy you've got a lot to learn Don't shake your head from side to side
Saying that you've changed enough that you see the light
'Cuz you just say what you say and want your way
And it's that game that you play it's a little late As if I'm ever gonna take you back
As if it's ever gonna come to that
So see you 'round, wave goodbye
Be a bird pass me by As if I'm ever gonna take you back
As if it's ever gonna come to that
Not tonight, get a grip
Baby as if Come on, come on
Yeah You seem to think that I
Ain't got no sense of pride
Well boy you got a weird perception now Of what it is to love
And I am sure because
You got the look of desperation Don't shake your head from left to right
Saying that you will when you won't ever see the light
And you just say what you say and want your way
And it's that game that you play it's a little late As if I'm ever gonna take you back
As if it's ever gonna come to that
So see you 'round, wave goodbye
Be a bird pass me by As if I'm gonna let you break my heart again
As if I'm gonna let your love back in my life
Not tonight, catch my drift
Baby as if [Incomprehensible] Don't shake your head from left to right
Saying that you've changed and now you're on my side
Cause you know you just want some lucky charm
And it's that game that you play so I'm moving on As if I'm ever gonna take you back
As if it's ever gonna come to that
So be a dear, disappear
Maybe I'm not being clear As if I'm ever gonna take you back
As if it's ever gonna come to that

Not tonight, get a grip
Baby as if As if I'm ever gonna take you back
As if it's ever gonna come to that
So see you 'round, wave goodbye
Be a bird pass me by As if I'm ever gonna take you back
As if it's ever gonna come to that
Not tonight, get a grip
Baby as if I'm gonna let you break my heart again
As if I'm gonna let you try and be my friend
It's the end, take the hint
Baby as if
