As Time Goes By

Ikon

Its just slipping away
Slipping away
Faster and faster
Always fasterAs time goes by
I see myself falling
Falling faster
Always fasterAs time goes by
I see myself falling
Falling faster
Always faster (4)I see myself
Loosing control
Loosing control
Loosing controlI see myself
On the edge
On the edge
Falling and fallingAs time goes by
I see myself falling
Falling faster
Always faster (4)From: Why, A Moment In Time & The Final ExperienceWords by Michael Carrodus
