

Honey, Honey

The Manhattans

Oooooo, Oooo

Honey, Honey, girl you know I'm gonna, gonna get 'cha

Honey, Honey, you know I've gotta get with ya

We've been kissing and touching, I'm burning through and through

If kissing and touching really turn you on, let me make love to you

Let me make love to you

Tell me

You reach over and hold me tight, I'll reach over and turn out the light

We're gonna , In the middle of the night

Let's , 'til broad daylight

We're gonna , oh honey so right

Stay right here sweet honey let's do, together

together

Come here (whispered)

Honey, Honey, girl I really, really, really, love you

Honey, Honey, I wanna take care of you

Honey just let me love you

Just lay here in my arms

Girl hold me tight, girl we got all night, let me make love to you

Let me make love to you

Tell me

You reach over and hold me tight, I'll reach over and turn out the light

We're gonna , In the middle of the night

Let's , 'til broad daylight

We're gonna , oh honey so right

Stay right here sweet honey let's do, together

together

Now honey, I need encouragement, if you want this high

If kissing and touching really turn you on, let's reach for the sky

Let's reach for the sky

Tell me

You reach over and hold me tight, I'll reach over and turn out the light

We're gonna , In the middle of the night

Let's , 'til broad daylight

We're gonna , oh honey so right

Stay right here sweet honey let's do it

, In the middle of the night
Let's , 'til broad daylight
We're gonna , oh honey so right
Stay right here sweet honey let's do it

Stay right here sweet honey let's do it
