

Now or Never

New Kids On the Block

It's now or never oh oh Light it up in my head like a billboard sign
I want it so bad, so I gotta move fast
Been stuck in this town, spending too much time,
Feeling sorry for myself, but I'm done with that Hit the road,
There's nothing left here but a broken promise
So let's go,
Say goodbye to fear,
Are you ready to leave? Hey, (hey) you're coming with me, gotta let me know it's now or never
Hey, (hey) I want you with me, but make up your mind, you take forever
You're beautiful thing, I need you right now,
To say that you're in, 'cause baby, I'm out
Hey, (hey) I want you with me, gotta let me know it's now or never It's alright,
It's alright I can see it in your eyes that you can't decide
This is not what you know and you're scared to let go
I've been here your whole life, so it doesn't feel right
Just to give it all up for us And hit the road,
There's nothing left here but a broken promise
So let's go,
Say goodbye to fear,
Are you ready to leave? Hey, (hey) you're coming with me, gotta let me know it's now or never
Hey, (hey) I want you with me, but make up your mind, you take forever
You're beautiful thing, I need you right now,
To say that you're in, 'cause baby, I'm out
Hey, (hey) I want you with me, gotta let me know it's now or never It's now or never It's alright, it's alright It's
alright, it's alright I can see forever
You and me together
Nothing could be better, it's alright
Now or never I can see forever, baby you and me together (You and me)
Nothing could be better, it's alright,
'Cause it's now or never Hey, (hey) you're coming with me, gotta let me know it's now or never
Hey, (hey) I want you with me, but make up your mind, you take forever
You're beautiful thing, I need you right now,
To say that you're in, 'cause baby, I'm out
Hey, (hey) I want you with me, gotta let me know it's now or never It's alright, it's alright It's alright, it's
alright It's now or never
