

# Lions

## The Features

You might find yourself  
Angry at the things I do  
Things I put you through  
Hope your able to forgive me  
Like I forgive you I forgive you

Aah girl, what are you thinking  
I'm thinking that we  
Should stick together  
I reckon that we  
Should follow our hearts

Alright now let's stick together  
Let's follow our hearts  
Not even lions, can tear us apart.

I'm looking for answers, some kinda relief  
Some kinda salvation, to make it all complete

Aah girl, what are you thinking  
I'm thinking that we  
Should stick together  
I reckon that we  
Should follow our hearts

Let's stick together  
Let's follow our hearts  
Not even lions, can tear us apart

Let's stick together  
Let's follow our hearts  
Not even lions, can tear us apart

Aah girl, what are you thinking.
