On the Line

Miscellaneous
No sense pretending it's over
Hard times just don't go away
You gotta take that chip off your shoulder
It's time you open up
Have some faithNothing good ever comes easy
All good things come in due time
Yes it does
You gotta have something to believe in
I'm telling you to open your mindGotta put your heart on the line
If you wanna make it right
You've got to reach out and try
Gotta put your heart on the line
If you wanna get it right
Gotta put it all on the line
You see yourself in the mirror
And you don't like what you see
And things are getting much clearer
Don't you think it's time you go for a changeDon't waste your time on the past, no, no
It's time you look to the future
It's alright there if you ask
This time if you try much harderGotta put your heart on the line
If you wanna make it right
You've got to reach out and try
Gotta put your heart on the line
If you wanna get it right
Gotta put it all on the line
If you wanna make it right
If you wanna do it now
Let love come free
And that's just so easy now
You gotta go for what you want
You gotta do what you got to do
