Lean Into It

Little Big Town

These days are filled with trouble
And the nights feel like they're all getting longer
These days are dark and grey
Like that storm rolling in across the water
[Chorus]There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just gotta lean into it
This ain't where I thought I'd be
If I could I'd stop it now and I'd rewind it

But this ain't where I'm gonna fall
If there's a way to fight
I know I'm gonna find it
[Chorus]There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just gotta lean into it
Just gotta lean into it
I keep going even though
[Repeat Chorus]
