Mr. Wonderful

The Three Sounds

You and me and the palm trees
We could lay outside on the beach all night
We can swim with the dolphins,
Go golfing,
Baby girl, you could be my wife
Now don't go fallin' in love with Mr. Wonderful
And I won't go running around with any other girls
I'll sweep you off your feet
(You can thank me whenever)
I'll take you home with me
(If you can't find nothing better)
I put the sweetness in your tea (t-e-e)
(Real deal not sweet and low)
Your a little bit out of my league
(But I'm going professional)
You and me and the palm trees
We could lay outside the beach all night
We can swim with the dolphins,
Go golfing,
Baby girl, you could be my wife
Now don't go fallin' in love with Mr. Wonderful
And I won't go running around with any other girls
Who's on the other line?
(I'm standing right here)
We're running outta time
(We need to switch that gear)
Wouldn't mind being that stand-up guy
(So why are you sitting so weird)
Your a little bit out of your mind

(But I'm going crazy in here, crazy in here, crazy in here)
You and me and the palm trees
We could lay outside on the beach all night
We can swim with the dolphins,
Go golfing,
Baby girl, you could be my wife
Now don't go fallin' in love with Mr. Wonderful
And I won't go running around with any other girls
You and me and the palm trees

We could lay outside the beach all night
We can swim with the dolphins,
Go golfing,
Baby girl, you could be my wife
Now don't go fallin' in love with Mr. Wonderful
And I won't go running around with any other girls
You can tell your girlfriends
You would run away with me
You can tell your family, you set sail for the golden sea!
We could send them post cards baby, (bab-a-a)
I can see it now
You and me and the palm trees
We could lay outside the beach all night
We could swim with the dolphins,
Go golfing,
Baby girl, you could be my wife
Now don't go fallin' in love with Mr. Wonderful
And I won't go running around with any other girls
