Dancing In My Head

Eric Turner

Sugar caught me by surprise
Saying something in her eyes
Feels like I just kissed the curse
Met a girl and there ain't no words for her
Down the sunset
Up the lights
Eh people it? ain't right
I couldn't reach her anymore
Why people didn't I let her know?
[Chorus]That girl I shouldn't have let her go
She's still dancing in my head (x2)
[Oh yeah baby, keep on dancing, keep on dancing

She's still dancing in my head
Oh yeah sugar, keep dancing, keep dancing
She's still dancing in my head] (x2)
Open doors materialize
Disappear before my eyes
I felt like I've ben dealt the worst
Hand, I do believe I have been cursed
Down the sunset
Up the lights
Eh people it? ain't right
I couldn't reach her anymore
Why people didn't I let her know?
[Chorus]
