

# Bet They Know Now (feat. Wiz Khalifa)

## Raven Felix

Life is what you make it, so just make it happen  
If they mad then don't look at 'em just be lookin' past it  
They sayin' what they say but don't pay no attention  
Show 'em how we get it Gonna do you wrong things, fuck if they hate  
I'll be damned if I let anybody stand in my way  
Gonna drive a million miles until I find my own lane  
Feels like yesterday when I was there broke with no change  
They ain't lyin' when there's no pain, there ain't no gain  
More I go I see shit don't change, it's a cold game  
Oh I, oh I, now they know the name  
And it's all because I did my shit and always stayed the same, so  
Don't ask me what I say, do what you say  
And never let what they say get in your way  
They wanna know the right way, do your thing  
Taking over everything, we don't play  
And I bet they know now  
That we could be anything we want  
I bet they know now  
That we could be anything we want  
I bet they know now (now)  
That we could be anything we want  
I bet they know now  
That we could be anything we want  
I bet they know now  
Yeah I bet they know and I be killing every show  
And now we getting shit in motion  
Make these mother fuckers jealous  
Yeah we hatin' and we never gon' stop this  
Tell these haters come watch this  
And I let them know that we drop hits  
'cause this Taylor Gang and we got this Oh, how you live your life is up to you  
Oh, if you know it's right then there ain't nothing left to prove You can't change my mind 'cause it's made up  
Woking hard 'till I'm laid up  
In something new, getting paid up  
'cause what you doin' don't phase us  
Profits moving, no days up  
Stay focused don't daze up  
Boss bitch and I make 'em calls In flight mode 'cos we taking off  
Up up and away

If you ain't going a hundred then pump, pump your breaks  
Gotta know you really want it and show out every day  
Just know, we stay the same yeah Don't ask me what I say, do what you say  
And never let what they say get in your way  
They wanna know the right way, do your thing  
Taking over everything, we don't play  
And I bet they know now  
That we could be anything we want  
I bet they know now  
That we could be anything we want  
I bet they know now (now)  
That we could be anything we want  
I bet they know now  
That we could be anything we want  
I bet they know now Life is what you make it, so just make it happen  
If they mad then don't look at 'em just be lookin' past it  
They sayin' what they say but don't pay no attention  
Show 'em how we get it Oh, how you live your life is up to you  
Oh, if you know it's right then there ain't nothing left to prove I bet they know now, yeah  
I bet they know now  
Raven Felix  
I bet they know now  
Taylor Gang  
I bet they know now  
I bet they know now
