

Innocence Gone

Prong

I had a new premonition
I have found the non light
I've had a brand new renewal of sight Do you need a new genuflection?
Do you wanna make a different pact?
You've got to get in with the facts It's the end
Innocence gone
Your whole meaning
Becomes undone You've made an art of treachery
You'll be snake right out of anything
I've said, "I won't do, not a thing"
To the double negative, you can only agree Are you waiting for your resurrection?
Do you wanna make a different pact?
You've got to get in with the facts Do you need a new genuflection?
Do you wanna make a different pact?
You've got to get in with the facts It's the end
Innocence gone
Your whole meaning
Becomes undone Innocence gone
Innocence gone
Innocence gone
Innocence gone It's the end
Innocence gone
Your whole meaning
Becomes undone It's the end
Innocence gone
Your whole meaning
Becomes undone
