

One More Night

Peter Friestedt

You say that love
Has gone away
And now you're leavin'
You've had enough
And it's too late
You've got your reasons Truth falls hard and cuts me to the bone
In my heart I can't let go Tell me lies, you can tear me apart
But don't say goodbye
Hold on tight, just pretend that you love me
For one more night
Let me hear you say you believe That there's a way
To make it right
To find forgiveness
Then I can change
And we can find
A new beginning, cause I won't make it here without your touch
I won't last without your love Tell me lies, you can tear me apart
But don't say goodbye
Hold on tight, just pretend that you love me
For one more night
Tell me lies, you can tear me apart
But don't say goodbye
Hold on tight, just pretend that you love me
For one more night
