

# Faithful

## Elevation Worship

When the whispers of worry  
Overwhelmed my soul  
You never left me alone  
You were there all along You are faithful  
Why should my heart be afraid?  
You are faithful  
I know You're not gonna change  
You are faithful, faithful I was down to the wire  
Hoping You would come through  
And You stepped in the fire  
Like You always do How I'm convinced of Your love  
You are more than enough  
You are faithful  
Why should my heart be afraid?  
You are faithful  
I know You're not gonna change  
You are faithful, faithful Oh God, my Father  
How great, great is Your faithfulness  
Oh God, my Father  
How great, great is Your faithfulness  
Oh God, my Father  
How great, great is Your faithfulness  
Oh God, my Father  
How great, great is Your faithfulness  
Oh God, my Father  
How great, great is Your faithfulness  
Oh God, my Father  
How great, great is Your faithfulness  
You are faithful  
Why should my heart be afraid?  
You are faithful  
I know You're not gonna change  
You are faithful  
Why should my heart be afraid?  
You are faithful  
I know You're not gonna change  
You are faithful, faithful  
You are faithful, faithful
