Bro's (Album Version)

Panda Bear

Hey man, what's your problem?
Don't you know that I don't belong to you
It's hard and hard enough to keep it up
When everything is so newI'm not trying to forget you
I just like to be alone
Come and give me the space I needAnd you may and you may
And you may and you may
And you may find that we're alrightI'm not trying to forget you
I just like to be my own
Come and give me the space I need
And you may and you may
And you may and you may
And you may find that we're alrightI mean no offense to you but grow up
Can't you just grow up
When are you going to give it your own go?
Give it your own go
I know I'm being way too hard
But I know that I'm tryingI know myself
And I know what I want to do
I'm doing my best
And I want to know is it good for youYou give me trouble
You give me everything that you've got
I'll show you that what's right for you me
Ain't for you
Don't look out for meWho are you to tell me how
When you've problems of your own
I do love you
And I want to hold on to you for always
