

Rent I Pay

Spoon

I've been losing sleep
Just nodding sleep
That I wish that I knowed
I lost all my tapes
Back masking fees
Just for asking
Fees that I ought to be owed And that's the rent I pay
Just like my brother would say it Out amongst the stars and the stones
Every kinda fortune gets old
Every kinda lie is gonna come back to me
Just as I go And that's the rent I pay
Like my brother said
That's the rent I pay
Rent I pay
Like my brother said
That's the rent I pay I've been losing sleep
And I'm nodding sleep
That I wish that I knowed Mmmm and I lost all my tapes
back masking fees
Just for asking fees
Fees that I oughta be owed And that's the rent I pay
Like my brother say it
That's the rent I pay Rent I pay
Like my brother say
That's the rent I pay Everybody knows just where you been going
Everybody knows the faces you been showing
And if that's your answer, no I ain't your dancer
And if that's your answer, no I ain't your dancer
