

I'm Not a Punk

Descendents

I'm not a punk, how can I be?
Show me the way to conformity
Try to be different but it's always the same
End up playin' someone else's game
I'm just a square goin' nowhere
I'm just a square goin' nowhere
You used to walk by my side
Now you see me comin' now you hide
I see you here I see you there
I can see that you don't care
I'm just a square goin' nowhere
