

I'm Coming Home

Kitty, Daisy & Lewis

I'm going home,
I left my baby all alone,
But I didn't do you wrong,
Oh my honey baby,
But now I'm going home,
I left my baby all alone
And I didn't do you wrong
So you ain't gonna weep and moan,
So you ain't gonna weep and moan,
I called my baby yesterday night and she said she loved me,
She was gonna kiss me,
And she's gonna love me,
But now I'm coming home,
I left my baby all alone,
And I didn't do you wrong,
So you ain't gonna weep and moan,
So you ain't gonna weep and moan,

I'm going home,
I left my baby all alone,
But I didn't do you wrong,
Oh my honey baby,
But now I'm going home,
Well it won't be long,
And when I get home,
Well you ain't gonna weep and moan,
Well you ain't gonna weep and moan,
I called my baby yesterday night and she said she loved me,
She was gonna kiss me,
And she's gonna love me,
But now I'm going home,
Well it won't be long,
And when I get home,
Well you ain't gonna weep and moan,
Well you ain't gonna weep and moan,
I said you ain't gonna weep,
And moan.
