

# Move This

## Technotronic

Yo, come on move this  
Shake that body, shake that body  
Shake that body, shake that body People don't you know, don't you know  
It's about time, can't you hear the jam is pumpin'  
While you taste the piece of mine?  
Many different flavors and the spice is strong  
Get into the hot stuff, let me pour a little some Baby, let me show you how to do this  
You've gotta move this, you're doing fine  
There's nothing to it, you gotta groove it  
Come on and move this, shake that body for People don't you know, don't you know  
It's about time, can't you hear the jam is pumpin'  
While you taste the piece of mine?  
Many different flavors and the spice is strong  
Get into the hot stuff, let me pour a little some Baby, let me show you how to do this  
You've gotta move this, you're doing fine  
There's nothing to it, you gotta groove it  
Come on and move this, shake that body for me  
Shake that body for me, shake that body People don't you know, don't you know  
It's about time, can't you hear the jam is pumpin'  
While you taste the piece of mine?  
Can you feel the mellow crawlin' fast  
Drum on, baby, rhythm's blast  
Pump it, pump it, pump, pump it up  
Nothin' can make this one stop You've gotta move this, you've gotta move this  
Oh yeah, you gotta move this and groove this  
And move this on, shake that body for Baby, let me show you how to do this  
You've gotta move this, you gotta move that  
You gotta move, move, move this and groove it  
Shake that body for me Shake that body, shake that body  
Shake that body for me  
Shake that body, shake that body  
Shake that body, shake that body, for me  
Shake it, shake it You've gotta move this, come on and move this  
Move this, move this, move this  
You've gotta move this, come on and move this  
Move it, move it Baby, let me show you how to do this  
You've gotta move this, you're doing fine  
There's nothing to it, you gotta groove it  
Come on and move it, shake that body for People don't you know, don't you know

It's about time, can't you hear the jam is pumpin'  
While you taste the piece of mine?  
Can you feel the mellow crawlin' fast  
Drum on baby, rhythm's blast  
Pump it, pump it, pump, pump it up  
Nothin' can make this one stop  
Toes be tappin', fingers snappin'  
Hands wrapped 'round ma rabbit  
Talkin' about cold lappin'  
Shut up and do the walk  
Use what you got, show me  
You're on the floor so let me see  
Don't say nothin' unless I saw  
And remember I like it raw  
You've gotta move this, you've gotta move this  
Oh yeah, yeah, yeah, you've gotta move this  
Uh uh uh uh, shake that body for me  
Baby, let me show you how to do this  
You've gotta move this, you're doing fine  
There's nothing to it, you gotta groove it  
Come on and move this, shake that body for  
Baby, let me show you how to do this  
You've gotta move this, you gotta move that  
Really ain't nothin' to it, you gotta move it  
Move, move it, shake that body for me  
Shake that body for me, shake that body for me  
Shake that body, shake that body for me  
Shake that body, shake that body for me
