Motel Room

Scott Copeland

Hey girl, watcha wanna do?
Come back to the motel room
It's cool, I ain't gonna bite
Pull those panties to the rightHey baby, do you like it rough?
She told me to shut the fuck up
Orgasm, she had them
Then I busted out the MagnumShe got dick and bit my neck
Don't leave a mark 'cause my girlfriend trips
We could keep this on the low
And I'll call you a taxi cab in the mornWhere we at in the motel room
Gettin' ass in the motel room
Gettin' smashed in the motel room
In the motel roomWhere we at in the motel room
Gettin' ass in the motel room
Gettin' smashed in the motel room
In the motel roomWake up, we gotta go
Got another freak knockin' at the door
Don't trip I'll call you later
Wait, can you leave your pink vibrator?She decided to stay
Okay, we can have a three way act
Order up some champagne
Man, you know I bring the damn painWait, now we getting' bubbly
They took some X and both started cuddlin'
And you know I took pictures
Introduced them to my best friend RichardAlso known by his nickname Dick
Now, let's tongue kiss, bitch
Dirt wins, game over
Day wasted out but man so whatWhere we at in the motel room
Gettin' ass in the motel room
Gettin' smashed in the motel room
In the motel roomWhere we at in the motel room
Gettin' ass in the motel room
Gettin' smashed in the motel room
In the motel roomOn the Sunset Strip
The neon light glows on her tits
Fifty five bucks for the night
Doing cocaine till the sun riseOne, two, come to my room
Three, four, we can fuck on the floor
Suck dick at the motel six

Seven, eight, gonna check out lateOne, two, come to my room
Three, four, we can fuck on the floor
Suck dick at the Motel 6
Seven eight gonna check out lateUh, huh, put it in your mouth
Butt fuckin' on a dirty ass couch
And I don't trust the towels
There's someones hair all up in the showerWe swingin' from the chandelier
They don't care, I'm a regular here
Do not disturb Holmes
Dirt Nasty kill two birds with one boneWhere we at in the motel room
Gettin' ass in the motel room
Gettin' smashed in the motel room
In the motel roomWhere we at in the motel room
Gettin' ass in the motel room
Gettin' smashed in the motel room
In the motel room
