

# Changeling

## Kopek

You got a movement that I can't ignore  
I like 'em better on the floor  
I should've known it was my heart you were stealing

I just wanna get that feeling  
When you're standing there in your underwear  
Take me out

So come along lover, let's make a scene  
You got the starting role in my wet dream  
After the last time, you left me reeling

I just wanna get that feeling  
When you're standing there in your underwear  
Take me out

It's easy to see how you're changing my world
