

# Under Your Door

Judith Owen

Just today I saw you  
And your head was in your hands  
Said you couldn't face another day  
All of life's rejections  
All those dreams turned into sand  
And what's the point you asked me  
So I took your hand and said that when it feels like...The rain might fall forever  
Oh and the wind might blow forever  
But don't let go whatever you do  
'Cause if you hold tight  
You might just see the light  
Under your door So face the storm my friend  
And believe me when I tell you  
This too must end I have walked this rocky road  
I've stumbled many times  
Wondered why I walk it every day  
I've been so down hearted that  
I've almost lost my mind  
Took a friend to hold my hand  
To help me understand that when it feels like...
