

Gangsta Skit (LP Version)

Capone-N-Noreaga

I might spank ya bitch, this that gangsta shit
Niggaz seen walkin' back to get tossed
The gat fool, ya'll pussies eat cat food
I will clap you bad boo, when it's no love I send her at you, I ain't eat yet it's no need to ask if I'm hungry, fuck
This music give me a nice heist, I'm fleedin' the country as for honors
The only honors I give is to the doctor Khalid Muhammed
I spray all piranhas and pigs Knowledge to live, squeeze first acknowledge
The kids ain't another hood hot as the bridge
I stop it on 6 take the profit and split bobey smoke not in my wip
I earned every fuckin' rock on my wrist
