Shameless

Cracker

You're so shameless
Sweet thing please don't bring us down
You're so shameless
But what goes it comes aroundAnd on a trip to Mexico
Never knew that it could snow
We shared a bed like days gone by
The mistresses all knew your name
The minister started acting strangeShameless
Don't really wanna know what's going on
You're so shameless
Sweet thing please don't bring us downAnd on a trip to Yellow Knife
Professor Panos and his wife
Secret dealings at the Quebec barWith an arctic wilderness guide
Says he was a retired Canadian spyShameless
Sweet thing please don't bring us down (hm-hm, no-no)
You're so shameless
Don't really wanna know what's going on (hm-hm-hm)You're so shameless
But what goes it comes around
Yeah you're so shameless (shameless)
Yeah you're so shameless (shameless)You're so shameless (yeah yeah shameless)
You're so shameless
You're so shameless (you should be guarded by monkeys)
You're so shameless (you should be guarded by monkeys)
