

# Microphone

## Bombshell Rocks

Monday mornin' wonderin'  
What's that little somethin'  
That's gonna solve it once again?It burns inside of me  
Wanna get it out you see  
Wanna leave before I'll go insaneHey, I've had my say  
The rain falls, I'm on my way  
Turn off the microphone  
Bye my second homeI'll leave this place for fertile grounds  
Blow the speakers with an honest sound  
I was killing time and now I bleedIt wipes the dirt right off my clothes  
Gives me hope when I need it the most  
Gives me the air when I need to fucking breathHey, I've had my say  
The rain falls, I'm on my way  
Turn off the microphone  
Bye my second homeMonday mornin' wonderin'  
What's that little somethin'  
That's gonna solve it once again?It burns inside of me  
Wanna get it out you see  
Wanna leave before I'll go insaneHey, I've had my say  
The rain falls, I'm on my way  
Turn off the microphone  
Bye my second homeHey, I've had my say  
The rain falls, I'm on my way  
Turn off the microphone  
Bye my second home
