Let Yourself Get Down

Luscious Jackson

Feel the beat, lose the beat
Move your feet, stomp your feet
Do the freak, feel the heat
I'm so sweet, so petite
I got pretty little feet, they're so petite
I got shiny little legs, so nice and neat
My belly button, q-tip it clean
They call me wicked witch 'cause my mouth's so mean
My toes, so short and sweet
They used to call me stubby, now they lick my feet
Smoke in the bowl, smokin' through the toll
Let yourself get down
Let yourself get down
Let yourself get down
Let yourself go
I got pretty little panties, I like a Seville
I'll give 'em to ya free for a dollar bill
So sweet, so petite
I'm so sweet, so petite
My body, baby, so complicated
Once you get to it you'll be glad you waited
'Cause baby's the lady, sexy like Sadie
No g, no r baby, she's x-rated
To all the fly boys, to all the fly boys
To all the fly boys, why doncha enjoy?
Schooly school, y'all, hangin' in the hall, y'all
He never goes to the mall, y'all
Let yourself get down
Let yourself get down
Let yourself get down
Let yourself go
Let yourself get down
Let yourself get down
Let yourself get down
Let yourself go
With whole lotta soul appetizin'
Young, firm and light, appetizin'
Kaos kaos, you don't stop
With the schism that makes a primal drop

Like that, y'all to the top, y'all
I just wanna q-pump the rock, y'all
'Cause the beat, the beat, it's so luscious
We'll make your body move but don't rush us
'Cause the beat is so vicious
And the ladies on top is so delicious
Take control, lose control
Find your soul, lose your soul
Take it slow, let it go
The more you know, the less you know
Let yourself get down
Let yourself get down
Let yourself get down
Let yourself go
Let yourself get down
Let yourself get down
Let yourself get down
Let yourself go
Let yourself get down
Let yourself get down
Let yourself get down
Let yourself go
