Marques Houston

Ha ooo ha ooo ha ooo
Haha haha haha ha oooo[Verse 1]
From the moment I met you girl I knew you were for me
but their were too many distractions
and I just couldn't see,
many people try to stop me and you baby
they say no way no how
I thought it was impossible for us to grow
but babe look at us now[Chorus]
And baby I'll be their for you take care of you cuz your beautiful woman
wanna give my love to you, my trust in you
cuz your beautiful woman
spend the rest of my whole life,my future wife cuz your beautiful woman
and it don't matter what they say,
I'm yours anyways
cuz your beautiful woman[Verse 2]
So many ppl try to hate girl
they said I was a fool
so we didint want to rush
kept it hush hush girl cuz that was the best move,
their were times I felt you were to young so I try to push you away babe
but you prove to be what your Fronting? beyond what my words could say[Chorus]
And baby I'll be their for you take care of you cuz your beautiful woman
wanna give my love to you,my trust in you
cuz your beautiful woman
spend the rest of my whole life,my future wife cuz your beautiful woman
and it don't matter what they say,
I'm yours anyways
cuz your beautiful womanMaybe we'll be together
Maybe we'll last forever
Maybe you'll be my girl,
I'll give you the whole world
Maybe I'll be ur soldier
Maybe one day I'll hold you
Maybe you'll be my lady,
that way you have my baby
Maybe we'll fall in love,
give you the stars above
Maybe its ment to be

I guess we'll just have to see
Maybe I'll be your man
Maybe that's part of my plan,
cuz your beautiful woman[Chorus]
