

Hanalei

Esona

Feeling good and I don't know why

Another day and another high

I walk around like I am on the ray

Somewhere way in the rays of Hanalei I met a girl and I liked her vibe

Another day and another ride

I met a girl who wants to save the world, save the world

Make it safe for someone else to find their faith I'm away I'm away... Hanalei A simple song and it made me cry

I really don't want to pass me by

A simple song that spoke of Hemmingway

The revolution in your blood creates the wave I picked her up on the road to surf

Looked a lot like a mother earth

She said hello my name is Charlotte Gray, hey

Make it safe for someone else to find their faith I'm away I'm away... Hanalei
