Can't Get Up

Supergrass

Wakin' up on a Sunday
I've been ridin' for a night or two
Lookin' out of the window
I'm so tired, another drink will doI'm just livin' a story
Like I heard it on a 45
There's no one here to rely on
It's the sign that makes me wonder whyWell, I can't get up no more
Though I tried standin' in a forest of reasons
Oh, I can't get up no more
Though I tried standin' in a forest of reasonsAn' drivin' into the sun light
I've been thinkin' about a better life
There nothin' left to delight in
It's a sign we ain't got it rightFadin' out on the highway
California comin' into sight
There's no one here to rely on
It's the sign that makes me wonder whyAnd I can't get up no more
An' though I tried standin' in a forest of reasons
Oh, I, I can't get up no more
Though I tried standin' in a forest of reasonsLike a moth to a candle
Driven to the naked flame
Murder's on the news
An' blood on the streets againAnd I can't get up no more
Though I tried standin' in a forest of reasons
Oh, I, an' I can't get up no more
An' though I tried standin' in a forest of reasonsStandin' in a forest of reasons
Standin' in a forest of reasons
Standin' in a forest of reasons
Standin' in a forest of reasonsStandin' in a forest of reasons
Standin' in a forest of reasons
Standin' in a forest of reasons
