Go Fish (Peel Session)

Laika

I'm standing barefoot
Lost in the tall grass
A place so quiet
It's as if I were never born
The clouds are leaving
Beneath the setting sun
Watch out for her
She can give you dreamsShe didn't know I saw her
Kneeling by the water
Her mother always fought her
Didn't love her daughter
She didn't know I saw her
Waiting by the river
I wish her gone
So I can want her backShe is my laugh
I am her laughter
I am her face
And she is mine
I want to join her
But I cannot move
Now together
I cannot lose
