Ocean Billy

UmphreyÂ´s McGee

It was such a misfortunate steal,
but the time finally came, so I took.
If the moment was stretched to the seams,
would it matter if nobody looked?
Half of the time on a stage
where most of it's not even real,
and regardless of anything fake,
how much can you practice to steal?If the moment gets lost in the words,
for one time please let them be heard.
For resembling it's never enough,
and to carry on blind is absurd.
Between other side of a choice,
what's possible holds even more.
And however the effort is voiced,
but this has all probably happened before.
I missed the boat on what you said, could you say it all again.
I think I'm up on what you meant, could you tell me one more time.
I missed the boat on what you said, so say it all again, unless it's the same thing as before.
I know I'm up on what you meant, so say it all again, unless it's the same thing.
