A Love Like Yours

Aaron Gillespie

Verse 1:
I don't know why I can't stop singing.
You put the air in my lungs.
It's as simple as that, it's just like breathing.
Jesus, Your name must be sung.Chorus:
I could search the whole world wide.
I could search the whole world wide
& never find a love like Yours.
And never find a love like Yours.
I could search the whole world wide.
I could search the whole world wide
& never find a love like Yours.
And never find a love like Yours.
Never find a love like Yours.Verse 2:
I don't know why I can't stop singing.
You make my heart overflow.
Your perfect love has no boundaries.
There's not a depth that you won't go.ChorusBridge:
There is no one else for me.
Oh, none but Jesus.
Crucified to set me free.
Now I live to bring You praise.
(repeat)Chorus
(repeat)
