Hole In The Wall

Barnes J. J.

Hey baby, where did you go
When the down, down got too much?
Hey baby, where will you be found
When the down, down gets too much?
We were such an ugly pair
The Chameleon Twins, they'd stop and stare
Lovers know when love has gone
A black hole there where love was once the end
Hey baby, where will you be
When the crack, crack gets too much, crack?
Hey baby, where will you go
When the crack, crack gets too much?
Oh, we were such an ugly pair
The Chameleon Twins, they'd stop and stare
Lovers know when love has gone
Black hole there where love was once the end, yeah, yeah
There's a hole in the wall
There's a hole in the wall
Ooh, a hole in the wall
There's a hole in the wall
She has under our expert persuasion
Has implicated you in high treason
You are under arrest
Do you have any final requests, requests?
It's a move to take you through
It's a move to take you through
It's a move to take you through
To take you through, to take you through
Hey babe, where will you go
When that hole in the wall is shut?
Wow babe, you know here I'll be
When that hole in wall is shut
We were such an ugly pair
The Chameleon Twins, they'd stop and stare
Lovers know when love has gone
A black hole there where love was once the end
There's a hole in the wall
Ooh, a hole in the wall
There's a hole in the wall

Catch it before you fall
The hole in the wall
There's a hole in the wall
Ooh, a hole in the wall
