

# Crucible

## Halford

The cause of my affliction  
Can never be resolved  
A case for self infliction  
Whose sin can't be dissolved  
Lost in a room of mirrors  
There's only one way out  
But suicide is easy  
When all you have is doubt  
[Chorus:]  
Idolize the demigods  
The weapon of stigmata  
Drowning in the grail of blood  
The weapon of stigmata  
Each day becomes fragmented  
It's harder to connect  
My world seems so demented  
I see nothing to respect  
But strength is born from weakness  
And this is where I fall  
I step up to the enemy  
Then rise from where I crawl  
[Chorus]  
Idolize the demigods  
The weapon of stigmata  
Drowning in the grail of blood  
The weapon of stigmata  
[Repeat: x1]  
Behind my back  
In my face  
Walking stalking  
In my space  
Think I'm closed up  
But I know, I mark all  
Watch where you go  
Bide my time  
Make you stop  
Watch your mouth  
Until you drop  
Make me sick  
I can wait  
When you stumble  
Seal your fate  
Empty threats  
 Fucked up lies  
Take you down  
With alibis  
Useless strength  
Wastes on me  
Crush you down  
Dead enemy  
[Chorus]  
Idolize the demigods

The weapon of stigmata  
Drowning in the grail of blood  
The weapon of stigmataPenance from the rancid icon  
    Virgin weeping plasma  
    Idolize the demigods  
    The weapon of stigmata  
    Weapon of stigmata  
    Idolize the demigods  
    The weapon of stigmata  
    Weapon of stigmata  
The weapon of stigmataCrucible [Repeat: x2]
