Shut You Out

Crawling Quiet

Even the smallest thing could be enough for you
Still it was too hard for me to give
Even the smallest thing could break your heart in two
No wonder why it's hard for you to live
Just like I turn you down, I always shut you out
No matter who I blame you're not around
I cannot turn back time, I cannot change a thing
No matter what they say, I shut you out
Even the smallest thing can make your day complete
I've never seen a bigger smile than yours
Even the smallest thing can wipe you off your feet
When no ones catching you, you hit the floor
Just like I turn you down, I always shut you out
No matter who I blame you're not around
I cannot turn back time, I cannot change a thing
No matter what they say, I shut you out
Shut you out, shut you out
Shut you out, shut you out
Just like I turn you down, I always shut you out
No matter who I blame you're not around
I cannot turn back time, I cannot change a thing
No matter what they say, I shut you out
Just like I turn you down, I always shut you out
No matter who I blame you're not around
I cannot turn back time, I cannot change a thing
No matter what they say, I shut you out
